

YEARLY STATUS REPORT - 2022-2023

Part A

Data of the Institution

1.Name of the Institution		G M R Institute of Technology
• Name of the Head of the institution		Dr. C L V R S V PRASAD
• Designation		PRINCIPAL
• Does the institution function from its own campus?		Yes
• Phone No. of the Principal		08941251592
• Alternate phone No.		08941252944
• Mobile No. (Principal)		9441406014
• Registered e-mail ID (Principal)		prasad.clvrsv@gmrgroup.in
• Address		G M R Nagar, G M R Institute of Technology
• City/Town		RAJAM
• State/UT		Andhra Pradesh
• Pin Code		532127
2.Institutional status		
• Autonomous Status (Provide the date of conferment of Autonomy)		17/12/2012
• Type of Institution		Co-education
• Location		Rural

• Financial Status	Self-financing				
• Name of the IQAC Co-ordinator/Director	Dr. P N L PAVANI				
• Phone No.	08941251593				
• Mobile No:	9701022808				
• IQAC e-mail ID	iqac@gmrit.edu.in				
3.Website address (Web link of the AQAR (Previous Academic Year)	http://www.gmrit.org/AQAR2019-20.pdf				
4.Was the Academic Calendar prepared for that year?	Yes				
• if yes, whether it is uploaded in the Institutional website Web link:	https://gmrit.edu.in/examination/academic_calendars.php				
5.Accreditation Details					
Cycle	Grade	CGPA	Year of Accreditation	Validity from	Validity to
Cycle 3	A	3.06	2021	20/10/2021	20/10/2026
Cycle 2	A	3.16	2015	14/09/2015	20/10/2021
Cycle 1	A	3.24	2010	28/03/2010	27/03/2015
6.Date of Establishment of IQAC			04/02/2009		
7.Provide the list of Special Status conferred by Central and/or State Government on the Institution/Department/Faculty/School (UGC/CSIR/DST/DBT/ICMR/TEQIP/World Bank/CPE of UGC, etc.)?					
Institution/ Department/Faculty/School	Scheme	Funding Agency	Year of Award with Duration	Amount	
Nil	Nil	Nil	Nil	Nil	
8.Provide details regarding the composition of the IQAC:					
• Upload the latest notification regarding the composition of the IQAC by the HEI			View File		

9.No. of IQAC meetings held during the year	4	
<ul style="list-style-type: none"> Were the minutes of IQAC meeting(s) and compliance to the decisions taken uploaded on the institutional website? 	Yes	
<ul style="list-style-type: none"> If No, please upload the minutes of the meeting(s) and Action Taken Report 	No File Uploaded	
10.Did IQAC receive funding from any funding agency to support its activities during the year?	No	
<ul style="list-style-type: none"> If yes, mention the amount 		
11.Significant contributions made by IQAC during the current year (maximum five bullets)		
Data Capturing, Preparation and Submission of AQAR 2022-23.		
6 new collaborations with domain specific core industries.		
Organized a 5-day FDP on Outcome - based curriculum design and assessment.		
Implementation of NEP-2020 through learner centric education, MOOCs/Online/Blended learning, Research and internal collaborations, Industry driven curriculum, Interdisciplinary education in Science/Arts/Social Sciences/Mass media/Agriculture for protecting cultural heritage of the country.		
Two Internal Academic Audits for the AY-2022-23 are conducted.		
12.Plan of action chalked out by IQAC at the beginning of the academic year towards quality enhancement and the outcome achieved by the end of the academic year:		

Plan of Action	Achievements/Outcomes
1. To capture the data criteria wise on monthly basis from all the departments.	1. Data is captured through MIS.
2. To schedule, plan and conduct IQAC reviews.	2. IQAC Meeting are conducted twice in a semester and ensured the compliance
3. Identification of Criteria wise gaps and plan the corrective measures for quality assurance	3. IQAC conducted two internal academic audits.
4. To formulate the start-up policy and establish Institutional incubation Centre (IIC) to promote start-up and innovative eco system.	4. GMRIT has Start-up policy in line with National Innovation and Start-up policy 2019, IIC is established (IC201811248).
5. To sign a minimum of 4 MoUs with academic/Skilling/Industry/Research labs.	5. 6 MoU s are signed with various academic/Skilling/Industry/Research labs.
6. To conduct a minimum of 2 FDPs per year by all departments.	6. 16 FDPs are conducted in the AY 2022-23.
7. To Conduct FDP on Outcome-based curriculum design and development by IQAC.	7. Conducted a one-week FDP from 1st May-5th May 2023 on Outcome-based curriculum design and development.
8. To refine the attainment tools and rubrics used for the attainment of Cos and POs.	8. All the attainment tools are refined.
9. To have review meetings for achievement of KPIs.	9. Introduced the goal sheets for Deans and HoDs.
10. To submit the AQAR 2022-23 by December 2023.	10. AQAR 2022-23 is submitted by December 2023.
13. Was the AQAR placed before the statutory body?	Yes
<ul style="list-style-type: none"> Name of the statutory body 	

Name of the statutory body	Date of meeting(s)															
Academic Council	06/06/2023															
14. Was the institutional data submitted to AISHE ?	Yes															
<ul style="list-style-type: none"> Year 																
Year	Date of Submission															
2022	31/01/2022															
15. Multidisciplinary / interdisciplinary																
<p>Initiative towards promotion of Multidisciplinary / Interdisciplinary Education To prepare young minds to meet these new-age employment requirements, GMR Institute of Technology (GMRIT) is offering students with a broad spectrum of Multi/Inter disciplinary courses. From the 5th semester onwards, students have the option to choose multi/ inter disciplinary elective courses. Curriculum provides the courses viz. Open Electives, Career Path courses, and B.Tech Honors / Minors courses enabling student's to build competence in the chosen domain in inter disciplinary/multi-disciplinary areas. Add-on courses offered enables the students for alternative employment options. The courses related to vocational training, entrepreneurship and outreach programs enhance their abilities to handle case studies, projects, and assignments. Multi-tasking and parallel processing skills acquired shall help them to get recruited in the companies enhancing the employability opportunities. Credits Break-up for Various Category of Courses</p> <table border="1"> <thead> <tr> <th>S.No.</th> <th>Category</th> <th>Total Number of Credits</th> <th>Courses</th> <th>Credits per course</th> </tr> </thead> <tbody> <tr> <td>No. of Courses</td> <td>Total Credits</td> <td>1</td> <td>Open Elective</td> <td>3 4 12 2</td> </tr> <tr> <td>Path Electives</td> <td>3/4 2/1 10 3</td> <td>B.Tech Honors</td> <td>4 5 20 4</td> <td>B.Tech Minors 4 5 20</td> </tr> </tbody> </table>		S.No.	Category	Total Number of Credits	Courses	Credits per course	No. of Courses	Total Credits	1	Open Elective	3 4 12 2	Path Electives	3/4 2/1 10 3	B.Tech Honors	4 5 20 4	B.Tech Minors 4 5 20

No. of Courses	Total Credits	1	Open Elective	3 4 12 2												
Path Electives	3/4 2/1 10 3	B.Tech Honors	4 5 20 4	B.Tech Minors 4 5 20												
16. Academic bank of credits (ABC):																
<p>From the year 2021-22 onwards, GMRIT launched ABC to digitally archive the credits earned by each student during their educational journey in accordance with NEP 2020. Institution NAD ID: NAD049079 Number of ABC Student accounts created as on date: 2278.</p>																
17. Skill development:																
Following are the initiatives taken up to promote skill development																

in the curriculum. Different skill oriented courses are introduced to enhance the technical skills apart from the knowledge domain. 1. Integrated Courses: Skill oriented courses are introduced in the curriculum in the form of integrated courses (IC). ICs are specifically made to offer a distinct layered learning experience that gives students the ability to practice what they are learning and learn by doing. It also provides opportunities to the students to acquire new skills using technology related tools through hands-on experience. Credits Break-up for Various Category of Courses

S.No.	Category	Total Number of Credits	Courses	Credits	Courses
1	Integrated Course	3/4	4	12	2

2. Add-on courses GMRIT offers add-on courses beyond the curriculum to enhance student's career prospects through a digital platform (Coursera). 1875 students attained certification in more than one course with course era. Altogether 5505 courses have been completed by the students. 3. Audit courses To promote self-learning and enable the students to take up the courses of their own interest and liberal arts, an LMS platform (Course era) is provided to all the students. Students shall take three audit courses in the beginning of 3rd semester and shall complete those courses in self-study mode. One of the audit courses will be by the choice of the students from the list of the courses notified at the beginning of the third semester. The second and third audit course is common to all the students and is viz. "Environmental Studies" and "Professional Ethics and Human values". 4. Courses promoting Entrepreneurship and innovation To promote the Entrepreneurship, Innovation and Skill oriented courses, curriculum provides Management courses, Capstone project for Career Path students, Mini project, Term paper, summer internship, Full semester Internship and Employability skills.

https://gmrit.edu.in/academic_regulations.php In addition to the skill-oriented courses offered in the curriculum, GMR Institute of Technology (GMRIT) provides an opportunity for students to enhance their skill set through the Institute Innovation Council (IIC) activities. IIC organizes regular programs on nurturing the innovative skills among the students. IIC conducts several events to promote innovative eco system on the campus involving the students of all branches.

<http://115.241.205.4/alumni/Entrepreneurs/EDCActivities.aspx> 5. Entrepreneurship Development Cell (EDC) Believing that building Entrepreneurs is a key performance indicator attributing the nation's growth, GMRIT has established EDC (Entrepreneurship Development Cell) in the year 2006 with the financial support from AICTE. Following are the objectives. Objectives: To Act as an institutional mechanism to provide services to budding entrepreneurs. To create awareness, motivate and encourage the development of entrepreneurial skills and knowledge among the

students. To conduct training programmes in the field of entrepreneurial skill development. To identify the vast entrepreneurial resources that exists in the local environment that can be utilized for sustainable development. To respond effectively to the emerging challenges and opportunities both at national and international level relating to enterprises. To incubate the business ideas related to the Product and Process development by providing basic infrastructure needed through the various government funded schemes. 6. MSME Business incubation Centre The GMRIT Business Incubation Centre (BIC) is a facility that is dedicated to nurturing and aiding the development and growth of startup and early-stage companies. It provides a supportive environment, resources, and services to help entrepreneurs turn their innovative ideas into successful businesses. The main objective of BIC is to speed up the growth of startups by offering a range of services that tackle common challenges which new businesses often face. <http://115.241.205.4/alumni/Entrepreneurs/MSMEBusinessIncubationCentre.aspx>

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

The curriculum has been designed in all the branches integrating the philosophy of the IKS system. Following are the initiatives. Audit courses are introduced in the curriculum to promote IKS culture among the students. The Courses titled "Science, Technology and Development" and "Indian Heritage and Culture" are offered in the curriculum. Faculty members of GMRIT have participated in the translation of technical academic materials into the regional languages. Credited courses for Co-Curricular and Extra Curricular (CC&EC) activities are introduced in the curriculum. Credited courses on Yoga and Meditation are introduced to enhance wellbeing of students and maintain mental health. Established tinkering Lab to promote innovative and start-up ecosystem on the campus. Outreach activities Credited courses are introduced to engage the students in the outreach programs through NSS unit with an objective of nurturing the thought of giving back to the society through various community activities. GAMYAM a wing of NSS takes up different community outreach programs to enhance the quality of life for underprivileged communities in and around Rajam through various initiatives. Organize sensitization programs promoting the concept of natural healing by building the immunity through the best practices. https://gmrit.edu.in/PDFs/about_us/indian-knowledge-systems-kapil-kapoor.pdf

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

Keeping in mind the Outcome based education philosophy, GMRIT

shifted from the traditional teacher centric to student centric education system. The curriculum developed is a student-centric teaching and learning methodology in which the course delivery, assessment are planned to achieve stated objectives and outcomes in line with the PEOs. It focuses on measuring student performance i.e. outcomes at different levels. Further, aligning with the OBE philosophy at the end of every semester, the course outcomes are measured based on the continuous assessment and semester end assessment. Based on the articulation matrix COs and POs attainments are calculated and based on the gap analysis improvisations in the design, delivery and assessment are suggested for continuous improvement.

20.Distance education/online education:

Online education: 1. MOOCs and Self-Study Courses Massive Open Online Courses (MOOCs) are free online courses available for anyone to enroll. MOOCs provide an affordable and flexible way to learn new skills in self-learning mode. The Curriculum provides adequate flexibility for the students to take up MOOCs through self-study mode enabling them to learn the courses on independent mode with minimal guidance of faculty mentor to earn credits for the award of the degree B. Tech. (Regular) and B. Tech. (Honors) and B. Tech. (Minors). Elective Courses are offered in two modes 1) Self Learning through MOOCs. 2) Chalk and talk Regular Courses.

CURRICULAR ASPECTS

1.1 - Curriculum Design and Development

1.1.1 - Curricula developed and implemented have relevance to the local, national, regional and global developmental needs which are reflected in Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) of the various Programmes offered by the Institution.

Keeping in mind the institute's short and long term goals, the vision and mission statements were evolved contributing to local, national, regional and global developmental needs. Curriculum development and revision is being done by obtaining feedback twice a year from all the stakeholders (alumni, industry, academia, professional bodies etc.) addressing the above needs to reflect in the Program Outcomes (POs) and Program Specific Outcomes (PSOs).

The feedback is deliberated in the subsequent Boards of Studies meetings and the changes are made in the curriculum from time to time to ensure its development and revision is done complying with POs. Further, aligning with the OBE philosophy the POs, the Course Outcomes (COs) are formulated by giving due weightage to the collated feedback ensuring the curriculum framework focusses on experiential learning, self-study, collaborative learning and other similar student centric learning experience. The Program Specific Criteria (PSC) is formulated in line with the recommendations of the respective professional society viz. ASME, ASCE, IEEE, AIChE, ACM. The curriculum developed facilitates the faculties and students towards community engagement addressing local/regional community issues pertaining to the agricultural and industrial needs.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates cross-cutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability, and Human Values into the curriculum

Aligning with the AICTE model curriculum and affiliating

university curriculum framework, the curriculum is designed and deployed integrating the crosscutting issues relevant to Professional Ethics, Gender, Human Values and Environment & Sustainability. Accordingly the relevant courses are introduced as audit and regular credited courses. As per the POs the graduates are expected to exhibit the work etiquettes while working as an individual, as a team member with/without other genders safeguarding the values and beliefs of the organization. Eventually, the curriculum prepares the graduates by providing adequate exposure to understand the need and importance for providing sustainable engineering solutions considering the triple bottom line of environment and sustainability i.e. environment, society and economics. The course content developed and deployed will enable the integrity and value system to be instilled in the minds of the graduates to sustain as a way of life. To ensure that the students are sensitized about the importance of ethics, gender diversity, human values, environment protection for sustainability, continuous activities are organized beyond the courses offered as part of curriculum. To supplement the curriculum the relevant activities organized include motivational lectures, gender diversity sensitization, professional integrity, awareness rallies on the environmental impact and other similar activities.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses students' learning levels and organises special programmes for both slow and advanced learners.

Yes.

The following special programs are deployed for students at all levels based on the learning levels, engagement in the class work, the spirit of inquiry, problem-solving skills, enthusiastic participation in the various competitions, professional body activities, and other co-curricular activities

Programmes for slow learners:

1. The slow learners are appropriately guided during the make-up classes/Remedial classes to follow the video records of the specific topics
2. Make-up classes are exclusively conducted in parallel with the regular classes
3. Additional assignments are given to slow learners
4. After every semester-end examination, remedial classes are conducted for all the students who could not clear the examination
5. Beyond the remedial classes, the students are also counseled by the respective mentors to understand their personal reasons if any

Programmes for advanced learners

1. Encouraged to take online courses offered from time to time-based on student's options.
2. The curriculum provides the option to choose B.Tech with honors and B.Tech with minors
3. Students are encouraged to give seminars in contemporary topics internally to nurture report writing and presentation skills

2.3 - Teaching- Learning Process

2.3.1 - Student-centric methods such as experiential learning, participative learning and problem-solving methodologies are used for enhancing learning experiences:

Yes.

The curriculum has been designed meticulously to provide different types of student centric learning experience. The learning experiences as furnished below.

1. Self-directed Learning:

- All units are built in self-study topics
- Students also have the full flexibility of opting full courses on self-study mode from the list of courses incorporated in the curriculum as well as MOOCs
- Term paper

2. Layered Learning:

- In all the semesters from 3rd to 6th an integrated course is kept as mandate across all the departments.

3. Experiential Learning:

- Summer Internship
- Full-Semester Internship

4. Project based Learning:

- Augmented experiments in all Laboratory courses.

5. Interactive Learning:

- Problem solving (Tutorials) in all courses where it is possible

6. Collaborative Learning:

- Laboratory courses
- Augmented experiments in all Laboratory courses
- Mini-project and term paper
- Full semester internship

7. Participative Learning:

- CTLP

The percentage distribution of prominent learning strategies adopted across the curriculum is depicted in the info graph Fig. 2.3.1.1

2.3.2 - Teachers use ICT-enabled tools including online resources for effective teaching and learning

Yes.

The class room ambiance and the teaching-learning process are technologically enabled with the use of ICT tools and services. Following are the ICT resources and services

1. Customized digital learning platform with static learning resources, and video courses developed through Lecture Capturing System (LCS) to supplement the classroom delivery
2. NPTEL courses and access to the Swayam portal to provide a flipped classroom environment
3. Online classes and expert talks through various video conferencing applications
4. Virtual laboratory class using cloud services viz. AWS, Lab VIEW, MS Azure
5. Usage of online coding platforms for computer programming laboratories
6. Digital Library for 24x7 access to online books, journals, magazines and other learning resources through DELNET
7. Wi-Fi-enabled campus with 1GB bandwidth
8. Roof-mounted LCD projectors, Smartboards, and interactive classrooms

In addition to the above, other technology interventions are also deployed to create a digital academic resource planning system.

1. Campus management system (Admissions, Classwork, Assessment)
2. Examination management system
3. Aadhar-based biometric attendance system
4. Dedicated IT support systems for the maintenance of the teaching-learning resources
5. Hostel management system with gate pass issue with SMS tracking facility

2.3.4 - Preparation and adherence to Academic Calendar and Teaching Plans by the institution

Our academic calendar is meticulously crafted, aligning with UGC regulations to encompass a minimum of 90 working days per semester. Adhering to JNTUGV guidelines, we ensure a 20-week course delivery, following the L-T-P structure. Oversight of the calendar's uniformity, excluding the first year, falls under the Internal Quality Assurance Cell (IQAC), integrating co-curricular events and academic audits per IQAC mandates. The final academic calendar is shared well before the academic year starts.

Course planning, delivery, and monitoring are vital components of our educational strategy. Heads of Departments (HoDs) allocate courses early, allowing faculty ample time for preparation. A standardized procedure, considering subject proficiency and past records, guides allotment, vetted by senior faculty with prior course experience.

Timetables, aligned with the L-T-P pattern, are crafted by the coordinator. Faculty members use a standardized template, adhering to Outcome-Based Education (OBE) principles for lecture plans. Continuous improvement comes from feedback shared by Program Coordinators/HoDs. In multi-section courses, coordinators ensure

weekly quality. Academic Monitoring Committee meetings address syllabus coverage, lab/project support, faculty attention to slow learners, and more. Corrective actions are documented and executed by the IQAC.

Guest lectures enhance curriculum delivery, and bi-semester feedback for teachers reinforces our commitment to improving quality.

2.5.3 - IT integration and reforms in the examination procedures and processes including Continuous Internal Assessment (CIA) have brought in considerable improvement in the Examination Management System (EMS) of the Institution

Automated Examination Processes:

The entire pre and post-semester examination such as course registration, hall ticket and OMR sheet generation, scanning of marks, and grade memo production, is executed through automated software.

Examination Procedures:

Reforms in Pre-Examination Processes:

1. A standardized question paper template aligns with Bloom's taxonomy and OBE philosophy.
2. Multiple sets of question papers are randomly selected by a moderation committee, ensuring compliance.
3. Course coordinators and senior faculty scrutinize papers for syllabus alignment.

Reforms in Examination:

1. Barcodes and printed photographs on OMR sheets prevent proxy issues.
2. Reforms in Post-Examination:
3. Question-wise assessment ensures uniform evaluation.
4. Chief evaluators randomly reevaluate five scripts for consistency.

Processes Integrating IT:

1. Evaluation components include seminar projects, assignments, and presentations.
2. A grading system awards grades based on histograms.
3. Semester results are accessible on the institute website within 10 days.

Continuous Internal Assessment System:

1. Various tests, two mid-semester exams, assignment tests, and mid-practical exams are conducted.
2. Project and term paper reviews occur between exams.
3. Mid-semester answer scripts are provided to enhance presentation skills.
4. Open-book examinations assess higher-order thinking
5. Student performance analysis guides the makeup and remedial classes for proactive follow-up actions.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme Outcomes and Course Outcomes for all Programmes offered by the institution are stated and displayed on the website and communicated to teachers and students

Yes.

The stated POs and COs are disseminated to all the stake holders of the institute through Academic regulations, College website, Displays at the departments, LAN portal, Course handouts. Apart from this, Program outcomes are made reachable to all the students & faculty through sensitization, induction programs, etc.

2.6.2 - Attainment of Programme Outcomes and Course Outcomes as evaluated by the institution

The attainment of COs, and POs is evaluated by the institution by deploying the direct assessment tools and indirect assessment tools. The continuous assessment during the semester is done by conducting three assessment tests. The attainment of each CO of the course is calculated based on the percentage of the students scoring more than the class average marks. To calculate the CO attainments for each of the courses, an appropriate tool is developed mapping the marks secured in each of the questions that are contributing to COs. The overall CO attainment is the weighted average calculated based on the questions contributing to COs.

The program articulation matrix is developed by mapping all the representative courses with respect to POs and PSOs. Mapping of the overall CO of the particular course with POs & PSOs is done at three levels 1, 2, 3. Further, each PO attainment is calculated based on the weighted average of the levels of CO contribution and the number of courses contributing. Alumni, Employer, and Program Exit Surveys are taken as indirect tools for the measurement of POs and PSOs. The direct assessment tools and indirect assessment tools are used with a weightage of 85% and 15% respectively.

RESEARCH, INNOVATIONS AND EXTENSION

3.1 - Promotion of Research and Facilities

3.1.1 - The institution's research facilities are frequently updated and there is a well-defined policy for promotion of research which is uploaded on the institutional website and implemented

Yes.

Institution prioritizes ongoing updates to research facilities, supported by a well-defined policy to encourage faculty research. Over 65% of faculty members, spanning all departments, hold Ph.D. qualifications and actively contribute to research, with a focus on indexed publications and funded projects. While modern research equipment is available across departments, four—Mechanical Engineering, Civil Engineering, Electronics and Communication

Engineering, and Computer Science Engineering—are recognized as research centers per JNTUK Kakinada norms.

The institution's commitment to research promotion is evident through mentorship, a robust HR policy, and incentive schemes like the Faculty Development and Assessment Scheme (FADS). We foster a research ecosystem by providing seed grants for minor projects, supporting faculty pursuing Ph.D. under the QIP scheme with full salary, and offering one-month paid academic leave during thesis submission.

Faculty members consistently publish around 280 research papers annually, with 75% in Scopus and SCI indexed journals. Initiatives such as matching international travel grants, financial support for conference participation, and additional benefits for acquiring a Ph.D. further promote research engagement.

In view of global collaboration, we have established partnerships with esteemed entities, including Luca Industries International, University of Wisconsin-Madison, and IIT Guwahati, among others, fostering a network for international research collaborations.

3.3 - Innovation Ecosystem

3.3.1 - Institution has created an ecosystem for innovations and creation and transfer of knowledge supported by dedicated centres for research, entrepreneurship, community orientation, incubation, etc.

Yes

GMRIT has the system in place to enable the creation of a justified eco-system for innovation and the transfer of knowledge through the respective Research centers, Entrepreneurship and

incubation centers, and community-oriented initiatives.

Research centers:

Departments have dedicated research facilities for faculty and students to pursue Fundamental & Conceptual, Process, Material, and Product research. Research groups, based on faculty profiles, foster interdisciplinary research in IoT, Robotics, Mechatronics, Adaptive control systems, and Additive manufacturing.

Entrepreneurship Development Cell (EDC) and Incubation Center:

Since 2006, the institute's AICTE-sponsored EDC aims to cultivate entrepreneurship skills through guest lectures. Annually, the institution honors accomplished alumni entrepreneurs on World Entrepreneurship Day, inspiring aspiring engineers. To bolster entrepreneurship, the National Productivity Council (NPC) and MSME invite successful entrepreneurs, financing agencies, and the Department of Industries. MSME, Ministry of Industries, identified the institution as Business Incubation Center (BIC) in the year 2011 to motivate, support and mentor students for identification, development, and commercialization of their innovative ideas.

Community-oriented initiatives:

To instill a giving-back ethos, students engage in social entrepreneurship initiatives. Beyond formal entities like NSS and UBA, the institution encourages student involvement in community development via programs like Gamyam and Community Radio.

3.6 - Extension Activities

3.6.1 - Extension activities carried out in the neighbourhood sensitising students to social issues for their holistic development, and the impact thereof during the year

The institute encourages and promotes the students' participation in the neighborhood community for the holistic development through NSS, Swatch Bharath Abhiyan (SBA). The NSS and NCC units of the institution organized special camping programs in the villages in and around by motivating the public addressing the problems related to self-hygiene, cleanliness, public health and communicable diseases etc. To sensitize the public living in those villages NSS volunteers conducts rallies, demonstrations and awareness programs on the issues of the local interest.

The COVID-19 booster vaccination (Covaxin) drive was organized through NSS unit in association with Rajam Municipal Corporation and Medical Team of Primary Health Centre, Pogiri. Around 200 students and staff members were given booster dose of Covaxin vaccine as per their vaccination schedule.

Under MHRD's Mahatma Gandhi National Center for Rural Education (MGNCRE) initiative, Swatchatha action plan is implemented by organizing various programs viz. Sanitation and hygiene, Water management, Waste management, Greenery and Plantation successfully.

The institution also runs community radio 90.4FM by broadcasting the programs having community relevance in the fields of Health with a special emphasis on COVID-19, Agriculture, Education, Cultural arts and entertainment.

INFRASTRUCTURE AND LEARNING RESOURCES

4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching-learning, viz., classrooms, laboratories, computing equipments, etc.

Yes.

The Institute has infrastructure and physical facilities such as classrooms, laboratories, computing equipment, etc. in compliance with the AICTE norms.

- All the academic facilities for all the UG & PG programs are accommodated in six standalone academic blocks with a staggered layout.
- All the classrooms across the campus have standard dimensions to accommodate 75 students and are provided with audio visual and projection facilities.

The Knowledge Resource Centre maintains more than 20,490 titles and 69,991 volumes. All operations are supported by Library Management Systems (Libsys) and a digital library with 60 systems enabling access to online content and journals. In addition, all the departments have dedicated library facilities in the respective locations.

Computer equipment:

Equipped with adequate number of computers as better than the norms (3:1 ratio) with licensed software. A good number of open-source software are also being used as per the curricular requirements.

All the systems are on LAN with domain servers. Entire campus is Wi-Fi enabled catering to the needs of the students and faculty with 1GB bandwidth. A firewall ensures security apart from the domain-based authentication for login.

4.1.2 - The institution has adequate facilities for cultural activities, yoga, sports and games (indoor and outdoor) including gymnasium, yoga centre, auditorium etc.)

Yes.

Apart from academics, the institution is also very much keen on building physical and mental health of the students for holistic development. Physical fitness and health of the students is ensured through regular sports and games while mental health is sustained by Cultural, Yoga and Meditation sessions. Regular Yoga and Meditation sessions are conducted for the interested students through trained internal faculty members and Guest speakers in collaboration with Swami Vivekananda Center for Human Excellence and Heart fullness meditation center.

To encourage and promote the students possessing the cultural skills, the institution provides a platform through various clubs viz. Music, Dance, Fine Arts and other similar clubs for a holistic development. The student clubs regularly organizes various activities for their diversified attributes. And the students were given opportunity to enhance their skills and are exhibited during various cultural shows organized in and out of the campus. The indoor and outdoor sports facilities include air-conditioned Aerobics Centre, courts for Shuttle Badminton, Basketball, Ball Badminton, Throw ball and Volleyball, grounds for Football, Kho-Kho, Cricket (2 cricket grounds one with 2 cricket nets), and Bowling Machines with auto feeder (two), 6 Lane 400mts synthetic running track and a Long Jump pit.

4.2 - Library as a Learning Resource

4.2.1 - Library is automated using Integrated Library Management System (ILMS)

- Name of the ILMS software : LIBSYS
- Nature of automation (full or partial) : FULL
- Version :7
- Year of automation Present : 2005 with LIBSYS-4 and updated in 2016 with LYBSYS-7

GMRIT has spacious Knowledge Resource Centre (Central Library) located at block-4, spread over three floors with seating capacity

of 500 users. It is automated with Libsys-4 library management system since the academic year 2005. The Integrated Library Management System (ILMS) supports in house operations of Acquisition, Cataloguing, Circulation, Serials and OPAC through a dedicated server. The library has a rich collection of 69,991 volumes with 20,490 titles.

ILMS is upgraded to Libsys-7 version in the year 2016 to cater the Web centric LIBSYS & LMS on Linux (RHEL) platform for 60,000 unique titles, 5 Housekeeping Clients and 25 user licenses for Web OPAC. AMC is there in place to maintain the software periodically. It has the modules viz. Cataloguing, Web-OPAC, Circulation, Journals/Periodicals, Biometric, etc. facilitating Barcoded circulation, reservation of documents, notifications of the transactions.

4.3 - IT Infrastructure

4.3.1 - Institution has an IT policy covering Wi-Fi, cyber security, etc. and has allocated budget for updating its IT facilities

Yes .

The institute has a well-defined IT policy for providing the services to students and faculty members. A dedicated IT support team with the support from all the departments will plan, execute and monitor all the facilities pertaining to campus networking and IT infrastructure. As discussed in the earlier section, the institute has a structured campus network on LAN with OFC backbone supplemented by Wi-Fi environment across the campus and hostels.

To cater the needs of the students and faculty 1GB internet bandwidth is provided 24x7 from three service providers with proper network and Information security deployed through hardware-based firewalls, manageable switches and domain login authentication.

Also, antivirus endpoint protection is installed in all computers to handle malware risks in addition to internet authentication by

Content Keeper. The various IT services and application portals supported by the IT help desk are

- **Support in Planning, Procurement and Installation of the IT infrastructure in the respective departments**
- **Network maintenance**
- **24x7 monitoring of login authentications**
- **Maintenance of all the servers hosting the Campus Management System (CMS), Library management system, Online gate pass system, Campus & Class room surveillance system**
- **Manages Digital signage, Touch screen kiosks, Video conferencing and all the official websites.**

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities – classrooms, laboratory, library, sports complex, computers, etc.

Yes.

Well written systems and procedures are in place for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. for the maximum benefit of the students and faculty.

Maintenance of Physical facilities:

A well-organized team is in place at Estate office to maintain all physical facilities. The Estate department having the expertise in all the trades shall carryout periodic and preventive maintenance of the respective infrastructural facilities across the campus. During the summer and semester break, all the major maintenance works that are notified by the respective departments will be taken up and executed by the estate department to ensure seamless

academic operations. Yearly maintenance of the books is ensured by proper pest control operations done periodically.

Utilization of Physical facilities:

Library operations are extended beyond the working hours i.e, from 7AM to 9AM and 5PM to 11PM for effective utilization and facilitating the students operating as day scholars. A separate logbook is maintained in each laboratory for ensuring the above systems. On holidays, the computer laboratory support is provided for the community training purpose as a part of the outreach program.

5.3.2 - Presence of an active Student Council and representation of students in academic and administrative bodies/committees of the institution

The following committee are in place for the above said purpose.

Academic Monitoring Committee: The class committee meeting is organized at the department level with the head of the department seeking suggestions from students and faculty to improve the overall academic performance in the department.

Placement Committee: Career Development Centre (CDC) takes care of organizing Internships, Guest lectures, Placement training, and Campus recruitments and students are involved in organizing.

Professional Bodies: GMRIT has institutional membership with various professional bodies like IE, IETE, CSI, ISTE etc. Apart from this all the respective departments have the students' chapters affiliated with the professional bodies' viz. ACM, IGBC, and SAE

Entrepreneur Development Cell (EDC): EDC regularly conducts activities related to entrepreneurship training and motivational classes by inviting the various successful entrepreneurs and GMRIT alumni.

Anti-Ragging Committee: Anti-ragging committee is formulated as

per the guidelines of UGC and AICTE. The composition includes student members across all the years.

Women empowerment cell: To promote the leadership qualities and to enable girl student growth as individuals the institution is having a well-established women empowerment cell.

Food Committee for Hostels: To encourage participative management, students are involved in the food committees apart from the other members of the hostel administration.

5.4 - Alumni Engagement

5.4.1 - The Alumni Association and its Chapters (registered and functional) contribute significantly to the development of the institution through financial and other support services

The institute has a well-established alumni association and network (Beacon-Reach out, reconnect and revive) with an objective of creating a strong alumni interaction for the development of the institution. To enable the alumni association work effectively across the country alumni chapters are formed in different locations viz. Visakhapatnam, Hyderabad, Bengaluru and New Delhi. Every year alumni meetings are conducted regularly at least once at every location creating an opportunity for the re-union of the alumni. The CDC department with regular coordination with alumni association enhances the industry connect thereby increasing the footprints of the recruiters. In all the departments at least

twice in a semesters senior alumnus are invited to the campus for addressing the students. Since inception, the institute has an overall alumni strength of 9000+. All the Board of studies (BoS) has a nominee from the respective alumni.

The alumni are actively engaged in the following activities viz.

- Curriculum development and revision
- Enabling the institute to connect to the concerned SMEs for getting summer and full semester internship program for the students.
- Deliver guest lectures on the recent advancements in the industries and career guidance to the students
- Support startups for the student projects
- Supporting for the placements

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of an effective leadership in tune with the vision and mission of the Institution

Vision

"To be among the most preferred institutions for engineering and technological education in the country.. An institution that will bring out the best from its students, faculty and staff - to learn, to achieve, to compete and to grow - among the very best.. An institution where ethics, excellence and excitement will be the work religion, while research, innovation and impact, the work culture"

Mission

- To turnout disciplined and competent engineers with sound work and life ethics.
- To implement outcome - based education in an IT-enabled environment.
- To encourage all-round rigor and instill a spirit of enquiry and critical thinking among students, faculty and staff.
- To develop teaching, research, and consulting environment in collaboration with industry and other institutions.

Nature of Governance

To realize the vision and mission, the institution follows a system-driven and participatory mode of governance with all stakeholders participating actively in its administration at different levels with accountability. The apex body "Governing Body"/Governig Council with regular reviews ensures effective functioning of the key administrative leaders. The local management periodically interacts with all the and revisits the policies based on the performance of the institution in the previous years for the continuous improvement.

File Description	Documents
Upload any additional information	View File

6.1.2 - Effective leadership is reflected in various institutional practices such as decentralization and participative management

Yes.

The effective leadership at the institution level is reflected by the combination of both the strategies i.e., top to bottom approach and bottom to top approach. This enables decentralization and empowers the faculty members towards participative management.

The various departments identified at the institution level to work independently are Academic administration, Examination center, Research and consultancy, Career Development Center,

Faculty Development & Human Resource, Governance of hostels and Student development center. All the departments operate independently aligning with the strategic direction of the management and work for the realization of the institutional vision with the unity of purpose and concurrence.

In a way to realize the vision apart from maintaining the academic quality and standards, faculty research capacity development is given utmost priority and is overseen by the Dean R&D/Research Coordinator. Leveraging the autonomy and freedom, the Research Coordinator periodically conducts reviews and training programs to establish research eco-system.

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ Perspective plan has been clearly articulated and implemented

Yes.

The institution has a well-defined strategic plan to review and enhance the key performance indicators of the institution in compliance with mission of the institute. Based on the strategic plans, action plans are formulated in the form of goal sheet which predominantly focus on

1. Quality of students at entry level
2. Academic performance and success rate
3. Placements and higher studies
4. Research outcome
5. Enterprenuership and Innovation
6. Industry-Institute-Institute interaction (MoUs)
7. Rankings and accreditations

Well before the commencement of the academic year, the strategic plan is formulated in consultation with all the Heads of the Department focusing on the above key performance indicators and

accordingly as discussed above Goal sheets is prepared in line with the strategic plan. Subsequent to the formulation of goal sheets, the local management continuously monitors the progress of each KPI and the same is documented in the form of monthly information system (MIS). Further, the Chief Executive Officer (CEO) reviews the MIS and the same has been escalated to the top management for their kind perusal and inputs, if any. As this a continuous process, the goal sheets are revised every year keeping the benchmark higher and higher every year to move towards excellence.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing quality assurance strategies and processes visible in terms of incremental improvements made during the preceding year with regard to quality (in case of the First Cycle): Incremental improvements made during the preceding year with regard to quality and post-accreditation quality initiatives (Second and subsequent cycles)

Yes.

The Institution has a structured composition for the IQAC as per the objectives and roles and responsibilities of UGC with the following objectives and roles and responsibilities.

Objectives

1. To develop a quality system for conscious, consistent and catalytic programmed action to improve the academic and administrative performance of the College
2. To promote measures for institutional functioning towards quality enhancement through internationalization of quality culture and institutionalization of best practices

The institution was accredited by NAAC with A grade for the third cycle for the 2021-2026. Following are the post accreditation strategies initiated for the quality assurance.

1. Alignment of curriculum with industry requirements:

With a broad objective of reducing the gap between industry and academia, industry experts are included in curriculum design and assessment.

2. **Faculty Development and Assessment Schemes (FADS) for Professional Development:** The institute strongly believes that the "Quality of Education can never be better than the Quality of Teachers". In that perspective, the institution is very keen in capacity building of the members of the faculty in all-possible dimensions.
3. **Organizing Capacity Building Programme:** Most of the capacity building programmes are organized focused towards enhancing the outcome based education, refresher programmes, use of digital tools, and innovative teaching pedagogy.

INSTITUTIONAL VALUES AND BEST PRACTICES

7.1 - Institutional Values and Social Responsibilities

7.1.1 - Measures initiated by the Institution for the promotion of gender equity during the year

The management promotes gender equity in giving equal opportunities for the recruitment of teaching and non-teaching staff at all levels.

Safety and Security:

- Women empowerment cell is established to sensitize all the women faculty and girl students about various safety and security issues.
- HR policy document of the institution has well defined sexual harassment policy to safeguard the women at the

workplace.

- Institution organizes sensitization programs regularly to reinforce gender equity among all the stakeholders
- The entire campus including classrooms is on surveillance to reinforce the confidence levels in the minds of the female

Counseling and Mentoring:

- To resolve both academic and personal issues, an exclusive committee takes care of the girl students and women staff
- Regular motivational sessions are conducted for both women faculty and girl students by inviting the successful and popular women in the society

Common Rooms and Sports facilities:

- To create adequate privacy, exclusive common rooms are provided for the girl students in the academic blocks and library
- Separate timings for women and girl students are provided in the gym to give equal opportunity

Support for working women:

- The institution provides day care center (Crutch) taking care of the employee kids

7.1.3 - Describe the facilities in the institution for the management of the following types of degradable and non-degradable waste (within a maximum of 200 words)

- Solid waste management
- Liquid waste management
- Biomedical waste management
- E-waste management
- Hazardous chemicals and radioactive waste management
- Waste recycling system

GMRIT established a sewage treatment plant (STP) for the reuse of wastewater for gardening purposes and sewage sludge as fertilizer. A "Biogas Plant" was put to use the food and kitchen waste from hostels to produce gas used for cooking in the hostel. "Sanitary Napkin Incinerators" in ladies hostel were setup for proper disposal. The most appreciated best practice is the "Pollution Free Thursdays" where no vehicle is allowed to move in the campus. The housewives and maids in quarters are given necessary awareness in maintaining a plastic free residential area. At the end, the existing Green office and residential practices with waste minimization dimensions such as Save Environment and adopt sustainability techniques, Use less paper and Practice recycling, Plastic free campus represent the multiple pronged approaches in promoting and strengthening the campus sustainability initiatives on waste minimization and management. Further, "Fume Chambers" also installed to manage chemicals and acids in the laboratories. In addition to the above, GMRIT is also focused towards conserving surface rainwater through "Rainwater Harvesting Pits" and maintaining watershed.

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e. tolerance and harmony towards cultural, regional, linguistic, communal, socio-economic and other diversities (within a maximum of 200 words).

The institution being a private self-financing affiliated autonomous college, it has a limited scope for having the students PAN India. However, to promote diversity among the students and faculty, the institution provides an eco-system and enabling environment for the co-existence of the people coming from different culture, region, linguistic and other socio economic

diversities.

Institute encourages the community outreach of the faculty and students by involving them in various community related activities carried out with financial support. The institute also conducts outbound get together programs giving opportunity for the faculty members promoting the cross cultural interactions.

Similarly, to promote cross cultural interactions, national level programs are organized for both students and staff enabling the peer learning. In the similar lines, national level sports competitions are hosted by the institution giving opportunities to learn the best practices that exists across.

In order to ensure holistic development of students and staff, the institution encourages them to involve in community service to develop good citizenship. The outreach programs are conducted for the welfare of the society and to create awareness among students towards social issues.

7.2 - Best Practices

7.2.1 - Provide the weblink on the Institutional website regarding the Best practices as per the prescribed format of NAAC

In line with the Mission and Vision of the Institute, several initiatives are continuously being evolved to move towards excellence and establish milestones year after year related to the quality of students at entry level, adopting innovative student-centric teaching-learning pedagogies, industry 4.0 focused employment generating innovative curriculum design, capacity building of faculty and so on. However, a few of the practices are prioritized based on the need through various brainstorming exercises over some time to make it best and distinct. Here are the two best practices, which continuously refined over some time since the introduction by practicing reaching near distinct practices.

Practice 1

Lecture Capturing System, An initiative towards digital transformation.

Practice 2**Credited MOOCs.**

File Description	Documents
Best practices in the Institutional website	http://115.241.205.4/gmritnew/AQAR2023/7.2.1.pdf
Any other relevant information	Nil

7.3 - Institutional Distinctiveness

7.3.1 - Highlight the performance of the institution in an area distinct to its priority and thrust (within a maximum of 200 words)

The curriculum and its structure of GMR Institute of Technology are designed based on the philosophy of Outcome Based Education with a composition of courses spread out in the various categories and syllabi is prescribed by the respective Boards of Studies from time to time.

Career Path Electives (CPE):

The curriculum provides opportunities to the students to gain expertise in the emerging technologies in the form of Career path with expertise by offering elective courses in a sequential mode from 5th semester onwards. The students can choose any one of these career paths during the 5th semester and shall continue in the same career path by selecting specific electives in the 6th and 7th semesters in a sequence and finally leading to a Capstone project aligning with the career path in the 7th /8th semester.

7.3.2 - Plan of action for the next academic year

Following are the plans to strengthen the Institutional Distinctiveness i.e. Career Path

1. Organising awareness sessions about Career paths domains and their related job opportunities.
2. Identification of more career paths in multi-disciplinary environment inline with NEP 2020 guidelines.
3. Encourage faculty members to attend FDPs to enhance competence in new emerging areas.
4. Tofine tune the SOP for the Capstone Project to enhance the skills in the career paths.
5. Planning and appending the laboratories inline with the Career paths specialisations.

In addition to the above cited, to strengthen Institutional Distinctiveness, the following are planned for institutional growth.

Academics: Curriculum enrichment by introduction of more multi-disciplinary courses.

Research and Development:Strengthening the research ecosystem, faculty are motivated to publish papers in Q1 journals.

Implementation of NEP: OfferingCredited courses for Yoga, NSS, NCC, sports activities andIKS.

Resources: Strengthening of human and physical resources, to comply with the norms.

Innovation and Startup Ecosystem:Establishment of IIC, to nurture innovation and startup culture among the students.

Placements and Higher Studies: Offering customised training programsenhancingthe skills in the emrging areasto increase the employability and scope for higher education.
